

➤ Type of Universal Testing Machine

1. Universal Push Pull Testing Machine.

➤ Product Parameters:

Product Parameters	Universal Push Pull Test Rig
Overall size	0.8meter x 0.5meter x 0.8meter height
Electrical Power Supply	415V, 50Hz, 3Kw
Geared motor	0.5 HP, 50 RPM output speed
Universal load cell Capacity:	500kg, least count: 0.1kg
linear displacement sensor Range	0 – 300mm, least count: 0.1 mm
variable frequency drive	0.5 HP
